

DENSO

Wiper Blades

| Visionary performance

Driven by
Quality

Overview

The clear
first choice

With unique design features, superior quality materials and OEM quality manufacture, DENSO Wiper Blades provide drivers with a safe, comfortable field of vision whatever the weather conditions are.

Fitted as original equipment to the windscreens of cars such as the Opel/Vauxhall Insignia, Citroën C-Crosser, Peugeot 4007, Toyota Auris and Toyota IQ, DENSO Wiper Blades are selected by top car makers worldwide.

DENSO's Standard, Hybrid and Flat replacement Wiper Blades deliver the same outstanding quality. Offering more than 1500 applications with only 118 convenient part references, there is a DENSO Wiper Blade for 95% of the European car parc – the most consolidated programme in the aftermarket.

Which is why, when you need a replacement Wiper Blade, there's only one name to choose: DENSO.

Range

Three advanced
technologies

As well as superior OE quality and advanced design, DENSO's Wiper Blade programme for aftermarket customers offers complete convenience and choice.

The DENSO programme includes three, essential Wiper Blade types, and a choice of easy fitting options including bayonet, hook or twin screw installation systems.

A popular choice for the everyday motorist, DENSO's Standard Wiper Blades offer all-round, long-lasting performance with a selection of different blade and installation options.

Truly advanced, OEM specification wiping technology – invented by DENSO – that blends outstanding wiping performance with stylish, integrated design.

Intelligently engineered for close, even contact on any windscreen, DENSO's Flat Wiper Blades deliver long-lasting, streak-free performance in all weathers.

Standard Blades

Efficiency
in action

DENSO's Standard Blades offer a selection of four, advanced blade profiles to suit different windscreens and vehicle styles. There are also four different choices of installation system, and three clip options to suit you and your customer.

DENSO's Standard Wiper Blades offer:

- > Durability
- > Strong, all metal blade arm
- > High-compression rubber wiper
- > Efficient design
- > Effective wiping edge with evenly cut edges
- > Low profile inserts provide the perfect wiping angle
- > Eight, evenly-spaced contact points

Spoiler Wiper Blades

DENSO's vehicle manufacturer customers fit Wiper Blades with spoilers. This helps to sustain optimum wiping performance during high speed driving.

Curved Wiper Blades

Most popular European cars use a curved Wiper Blade on the passenger side. This allows the Wiper Blade to follow the shape of the windscreen and bonnet of the car.

Hybrid Blades

Tomorrow's
technology

Combining advanced performance with sophisticated design, DENSO's low profile Hybrid Blades are designed with an integrated, fully covered blade and wiper arm – giving you and your customers unprecedented access to the future of wiper technology.

Dynamic design

- > Fully covered, stylish, matt black body
- > Low profile, unobtrusive shape
- > Very easy to attach to wiper arm
- > Integrated fitting system

Superb performance

- > Common-use vertebrae ensures superior surface-hold to the windscreen
- > Rigid, graphite-coated rubber blade for smooth, more efficient wiping performance

Customer convenience

- > Conveniently consolidated range

Flat Blades | Tailored engineering

DENSO's Flat Blades touch every windscreen closely and evenly to wipe away rain and debris in even the worst weather conditions. With sleek styling and long life, they offer all-round appeal to every motorist.

Superior performance

- > Precise tailoring to the curvature of your windscreen for optimum efficiency
- > Even pressure distribution across the whole length of the blade delivers maximum windscreen contact; ensuring excellent visibility and safety in critical weather conditions
- > Aerodynamic profile ensures outstanding performance even at high speeds
- > Resistance in cold weather conditions
 - no icing of superstructure
- > Reduced surface area minimises wind noise

Easy fit

- > Innovative arm fitment makes blades easier to change, without the need for an adapter

Innovative design

- > Elegant, bracketless styling
- > Integrated aerodynamic spoiler

DENSO Wiper Blades

- > Original equipment technology and quality guarantee outstanding wiping performance
- > Highly durable for a long lifespan
- > Superior wiping performance
- > Conveniently consolidated range
- > Wide coverage and unique applications for Asian and European cars
